REPORT AND ORDER
(Proceeding Terminated)

Adopted: July 7, 1999;

Released: July 23, 1999

By the Chief, Allocations Branch:

1. The Commission has before it the multiple docket Notice of Proposed Rule Making setting forth five separate proposals to allot a FM channel to a specific community. See 14 FCC Rcd 4433 (1999). Each proposal received a separate docket and rule making number. In regard to these proposals, we received no opposition comments and/or counterproposals. Although consolidated, these dockets are still separate for finality purposes. In the event a reconsideration petition is directed to an action in a particular docket, a separate Memorandum Opinion and Order will resolve that reconsideration petition. Each petitioner filed comments in support of its proposal, reaffirming its intention to apply for the specified channel, if allotted. Each proposal complies with all Commission technical requirements and we continue to believe that each proposal would serve the public interest. Accordingly, we adopt each proposal as originally proposed. These are as follows:
